### SCOTT LAGASSE JR. ON NASHVILLE SUPERSPEEDWAY

*"I really enjoy running at Nashville and have been very successful in both the Nationwide Series and the ARCA Series there. With our team being based in Nashville this is a real special race for everyone at Baker Curb Racing. All the crew will have their friends and family at the track, so we want to run up front. We also have Jason Aldean's Wide Open album cover on the hood, so hopefully we'll turn some Aldean fans into Scott Lagasse Jr. fans with a strong showing Saturday. Nationwide Insurance has put some extra money on the line with their "Dash 4 Cash" program, which will make things more interesting at the end of the race!"*

### JEFF WHITE ON NASHVILLE SUPERSPEEDWAY

*"Goodyear has changed the tire we are using at Nashville and it will be interesting to see how that comes in to play this weekend. The data we received is showing that on a green race track the right side is showing some significant wear. We'll have to keep our eyes on that during practice. As far as the race goes, the trucks will have been on the track and laid some rubber down and that should help. Unlike at most tracks, I think once there is some rubber on the track and the tire begins to wear a little you'll see faster lap times than at the beginning of a run."*

### JOHNNY SAUTER ON NASHVILLE SUPERSPEEDWAY

*"I'm really excited about the opportunity to drive the Red Man Moist Snuff Ford at Nashville this weekend. Obviously, Greg has been very competitive over the first four races and the team is putting a great product on the track. I drove for Baker Curb Racing when they were based out of Kentucky and experienced some success. Rick Viers was my crew chief at Richard Childress Racing in 2002, so he is familiar with my style and what I like in my setups. I've had a couple runner-up finishes in the Nationwide Series at Nashville, hopefully this weekend I can finally get my hands on that Sam Bass guitar! "*

### CREW CHIEF RICK VIERS ON NASHVILLE SUPERSPEEDWAY

*"We've had a great start to the 2010 season and look forward to continue that success this weekend in Nashville. I worked with Johnny in 2002 and I don't think we'll skip a beat with him in the car. We are taking car 83, which hasn't been on the track this season, but Jason Keller had a top-15 finish with it at Kansas last October. We'll start out with a setup pretty similar to what we were successful with at California and Las Vegas. After Johnny gets a feel for the car, we will make some minor adjustments to suit the car to his liking. It is a special race for Baker Curb Racing being right here in Nashville. I've been chasing that guitar for 10 years and hopefully this will be the year we bring it home!"*
